RIDER

A few general information, we will be glad to come on already prepared stage, we are ready in 20 minutes. Stageplan on the second page.

- minimal stage size 4x4 m
- 4x stage monitor, 2x in-ear monitor
- 6 places on stage with 230 V supply
- 4 vocals – 3 own microphones, singer Petra and guitarist Petr both use microphones EV (own holder) and Behringer MA400 to interrupt the path from microphone to headphones – Petra kindly asks one XLR cable for more, Petr has his own one, keyboard player David needs your mic you prefer
- please mic our drums regardless of the intention of the sound engineer – all mics go into in-ears of drummer
- 2 keyboards – please both in stereo if possible
